Experience healing and live free, based on the ever-presence of God's tender love for you!

Based squarely on the proven truth of the Bible, Christian Science is not Scientology or Science of Mind. The Christian Science Church is welcome at the table of the National Council of the Churches of Christ USA. Christian Science was discovered in 1866 by Mary Baker Eddy. The Bible is its sacred scriptural authority, revealing the love of "one supreme and infinite God" for all, and it is epitomized in the life, teachings, and works of Christ Jesus.
